Physical Requirements for Trade Industry Readiness

Below is a list of minimal physical abilities that a student should possess to be successful in the Trade Industry class here at Herkimer-Fulton-Hamilton-Otsego B.O.C.E.S.

- Exhibit physical/fine motor strength to handle hand and power tools independently
- Possess manual dexterity
- Correct vision and hearing is valuable for a safe work environment
- Adequate eye and hand coordination
- Ability to sit and stand in one location for extended periods of time
- Ability to lift 20 lbs.
- Be able to stand, bend and work on feet
- Ability to work in all-weather climates
- Ability to work indoors and outdoors
- No medication(s) carrying warnings that may impair judgment and/or ability to perform tasks as previously identified

Please list any concerns you may have for a student completing this program.

These are the minimum physical requirements. There may be ways to modify some of these physical requirements in which will be determined by the instructor.
